* Campus Health and Recreation Center fees are not automatically assessed when registered for less than 9 hours in a semester but will be due if access to service is requested.

***4+1 Masters, 5th Year:** The graduate tuition rate applies after your undergraduate degree is certified. As a result, your initial billing statement may be inaccurate during a transition period where your degree is not yet certified, but billing has begun for the next semester. Your original tuition and fees are reversed upon transfer and replaced with graduate-level charges. For most, this will extend your payment due date by one month.
